| <b>Problem</b><br><br>1. Personal day-to-day commitments (wife asks, kids asks, parents asks, friends asks)<br>2. Work commitments (Boss asks, colleague asks, HR asks)<br>3. School commitments (teacher asks, student asks) | <b>Solution</b><br><br>1. Commitment can be created by person (requesting) and assigned to another person (accountable)<br>2. Commitment have statement of agreement between 2 persons (requesting and accountable)<br>3. Commitment may has sub-commitments, each sub commitment mush be fulfilled so the main commitment can be fulfilled<br>4. Every engaging person gets reminded by the commitment assigned to him<br>5. Accountable person can change the commitment due date and promise another one<br>6. Commitments can be categorized (work, wife, kids, etc.,) | <b>Unique Value Proposition</b><br><br>Structured, easy to use, and focusing only on day-to-day commitments without distractions. | <b>Unfair Advantage</b><br><br>Can be treated as contract/ agreement between the Accountable person and the Requesting person. | <b>Customer Segments</b><br><br>1. Employed fathers<br>2. UnEmployed fathers<br>3. Employed mothers<br>4. Unemployed mothers<br>5. Kids with access to mobile/ computer |          |
